March 2023

Blitz Build 2023

Habitat Montgomery County collaborated with our long-time supporter LGI Homes to build four homes in five days for four local families in Conroe, TX. The event took place from February 27 through March 4. Each participating trade partner donated their materials, time, and expertise to help build the homes quickly and efficiently. At the end of the week-long Blitz Build, the homes were move-in ready for the families partnering with Habitat Montgomery County.

The Blitz Build also marked the beginning of construction in the last section of the Cedar Creek subdivision and introduced the opportunity to bring trade partners together to raise awareness of the need for affordable housing in our community and to create homes that will provide a transformational change.
