Dear Friends,

Interfaith Ministries for Greater Houston invites you and your family to a ***Virtual Interfaith Vigil for Thanks, Hope and Healing*** as a way for us to be united during these difficult times.

Join us for this special community opportunity to gather virtually on ***Thursday, June 4th at 5:00 p.m. to 5:45 p.m.*** as we offer prayers of giving thanks, hope and healing and remember those whose lives have been tragically lost because of COVID-19. We will pay tribute to students, K-12 and college students, impacted by Covid-19 and offer special congratulations and reflections for our graduating high school seniors.

Special prayers, reflections, music and readings will be offered by faith leaders and two high school seniors from Houston's diverse religious communities. Prayers will also be offered for hope, healing, and justice for our nation.
