

THANK YOU FOR HELPING TO
keep the wheels rolling

COVID-19

Despite a global pandemic, the wheels never stopped rolling! Operations have been modified, but not a single meal was missed. In fact, many more meals were delivered.

SINCE MARCH

126 seniors were added to service
45,000+ meals were delivered

DRIVE THRU

meal pick up was set up for seniors who previously relied on MOW meals at the local Community Centers.

TRANSPORTATION

continues for dialysis patients. Seniors who previously relied on this service for trips to the grocery store are now receiving home delivered meals.

This wouldn't be possible without YOU. Thank you for remembering homebound seniors during these uncertain times.
