

Fill The Gap Stories, July & August 2021

44 year old, female, stated that she was living with brother in the Houston area because had fallen on hard times and just needed help. Client stated that she had medical issues that were hindering her, and she could not afford a deposit to move into her own apartment. Because of Fill the Gap funding, we were able to assist her in getting her own place and out of an overcrowded situation.

Family of three just moved from Venezuela and needed assistance with paying the deposit for their electricity. They didn't have any funds left after moving here and weren't sure what they were going to do but thanks to the funds from Fill the Gap we were able to assist.

Single 21 year old mother was able to be assisted with the rental deposit to her first apartment on her own. This will be a home for her and her 1 year old daughter. She was really appreciative.

Client ID # 46744/Female, 66, previous client, moved out of son's home and into her own apartment. Client had been on the waiting list for subsidized apartments. Client was able to move into her own apartment that she could afford thanks to Fill the Gap assistance.

We assisted a female sole provider for her family which includes a 7 year old minor and her senior citizen mother, who recently fled their country due to violence and lack of work. With her work hours being cut short and having two dependents it had been a very difficult time for the family who was in the process of moving to a place of their own. With hard work and help from Fill the Gap we were able to assist this client with her electric deposit.
