“Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit,” Mathew 8:19

Hope for the Middle East continues to make a difference in Sharona, Egypt.

Sharona is a village in the south of Egypt. It has a population of forty thousand people. One of the biggest problems in Sharona is lack of education for kids. There are so many kids who don't have the opportunity to go to schools. There is a Presbyterian church in Sharon that serves its community. Through Hope for the Middle East and Sharon church, we were able to open Sharona daycare center in 2001 where kids have the opportunity to learn and also to know about Jesus. There are 30 children attending the daycare, all of them came from poor families who can't afford paying the fees. Through Hope for the Middle East, kids have hope and an opportunity to be educated and connected with God. One of the surprising things is many of these children's families have been touched by the mission of the daycare and the difference it makes in the life of their kids. Around five parents expressed gratitude to God for giving their children the opportunity to learn and grow and they decided to follow Jesus and they are growing in faith. Mirna is a four years girl, she is able to read now and enjoy saying thank you to Jesus in her prayer as we see her in the picture below with her teacher. Her parents decided to change their way and follow Jesus in their life. We give thanks to our Lord for using Hope for the Middle East and our supporters to make a difference among children in Sharona and ask you to keep this ministry in your thoughts and prayers.
